

iPASSCamp.com 依照美國專案管理學會(PMI®)2026 年最新版 PMP® ECO (PMP® Examination Content Outline)提供學員「35 小時 PMP 訓練證明(35 hours PMP training certificate)」。

報名 PMP®考試的考生必須參加至少 35 小時的商業訓練。

Commercial Training Requirements:

In addition to the above project management experience, PMP certification candidates must also have taken at least 35 hours of commercial training in project management aligned with topics covered in the PMP Certification Exam Content Outline (ECO). The coursework must be completed in the respective sections of the application. You can meet commercial training requirements by completing courses from any of the following education providers:

- PMI Authorized Training Partner (ATP)
- China Registered Education Provider (REP)
- PMI Global Accreditation Center for Project
- Project Management course(s) from Accredited Higher Education Institution
- Employer/company-sponsored programs
- Training companies or consultants (e.g., training schools)
- Self-paced on-demand training courses including an end-of-course assessment

考生可以藉由完成以下任何教育提供者的課程達成商業訓練的需求。

Post-Secondary Academic iPASSCamp.com 為學員提供 Self-paced(自學)on-demand(線上隨選)training courses(訓練課程)並且包含 end-of-course assessment(課後測驗)的「35 小時 PMP 訓練證明」。

Verify at least 35 formal training hours in project management that are documented as to when they were accrued. The coursework must be completed before the certification is granted.

NOTE: One hour of classroom instruction equals 1 training hour. If you have completed a university or college course on project management that met for 3 hours per week for 15 weeks, you would record 45 training hours. If only a portion of a course dealt with project management, only the hours spent on project management can be applied toward the total.

Learning course hours should cover project-management-related topics as detailed in the PMP Certification ECO above and may include content on, but not limited to, project scope, project schedule, project communications, project risk, project procurement, project financials, project resources, project stakeholders, project integration management, and project governance.

Note that commercial training is not restricted to any specific modality or provider. However, all training is subject to audit and the right to deem training as ineligible for PMP certification candidates. Training must be documented and to be eligible for PMP certification.

不限於任何特定形式或提供者(ATP 或 REP 或 GAC 或 Self-paced on-demand)皆可提供上述商業訓練。

美國專案管理學會(PMI®)將於 2026 年年底改變(Changes)核發「35 小時 PMP 訓練證明(35 hours PMP training certificate)」的資格。

Upcoming Changes to PMP Training Requirements

Notice: Planned update to PMP training hour requirements (effective late Q4 2026)

To apply for the PMP, you need 35 hours of project management training. These hours can come from any eligible course or provider; you're not required to use a specific one. Training can be live (in-person or virtual, taught by an instructor) or on-demand.

從 2026 年年底(late Q4 2026)開始，考生若要透過參加教室課程(live class)報考 PMP，考生必須參加 ATP 或 REP 或 GAC 舉辦的教室課程(live class)才能取得「35 小時 PMP 訓練證明」申請報名 PMP 考試。

備註：

2026 年年底之前，「大學專案管理學分」、「公司自辦專案管理課程」或者「教育訓練公司或顧問公司的專案管理課程」都可以等同「35 小時 PMP 教育訓練證明」。2026 年年底開始，以上途徑提供的「訓練證明」不可抵充「35 小時 PMP 教育訓練證明」。

Starting in late Q4 2026, PMI is updating PMP live training eligibility requirements. This helps us ensure consistent, quality preparation worldwide.
